

# GV Residential & Day Camp Sample Programmes

## Welcome to GV Summer Camp!

At GV Malta, our Summer Camp is more than just a place to learn; it's a vibrant community designed to support each student's personal growth, foster friendships, and make lasting memories.

This year, our camp operates on a **3-week rotating programme** to ensure that students staying longer than three weeks experience minimal repetition. **Each week, we will also introduce a unique theme that ties into students' English lessons and is reflected in the activities and excursions.** Themes range from Media & Fame and Science & Technology to Culture, Sports, and Music. These themes provide fresh perspectives each week, with activities designed to complement the lessons and bring them to life. Importantly, both the themes and lesson plans vary throughout all nine weeks, ensuring that no two weeks are the same.

Our dedicated team leaders are at the heart of the GV Summer Camp experience. Carefully chosen for their expertise, integrity, and commitment to student welfare, they undergo rigorous training to maintain the highest standards of care. From the moment students arrive, they are welcomed into an inclusive environment where they feel valued and supported.

Each week, students and parents will receive a detailed plan with exact activities and timings, so they know what to expect and can make the most of their time with us. **Freshly prepared meals are served daily**, with the exception of Saturday afternoons and Thursday evenings when students are provided with a packed lunch or picnic dinner for excursions.
